

**+AKE
CARE**

NEWSLETTER: *be healthy*

Edition 2, March 2014

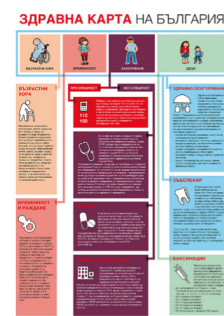

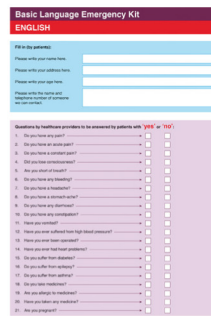

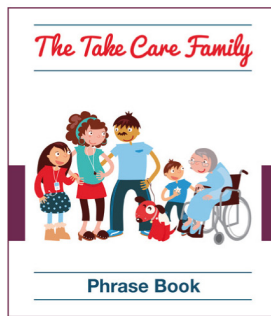

The Take Care Project has the goal to help migrants gain new language skills related to healthcare matters, improve the communication between healthcare providers and patients and give information about the healthcare system in the partner countries: Bulgaria, Cyprus, Germany, Lithuania, The Netherlands, Portugal, Romania and Spain.

**Partner meetings in Lindau, Lisbon & Larnaca
Methodology & Product Development**

During the past few months the project partners have worked hard towards developing the main product of the project: The Healthcare Language Guide For Migrants. They held 3 work meetings to discuss and develop the methodology and the content of the materials as well as to agree upon the approach for organizing the training workshops and short language courses planned to take place in the spring of 2014.

Take Care Language Guide for Migrants

Phrase Book

The *Phrase Book* is divided into 12 healthcare topics. Each topic includes key words, phrases and dialogues. In addition, there is a description of the parts of the human body and some common symptoms.

Word Fan

The *Word Fan* provides a list of approximately 30 words from each topic translated into 17 languages. It can be used parallel to the Phrase Book.

Medical route

The *Medical Route* gives information about the healthcare system of the country, covering emergency, insurance, GP, baby birth, care for elderly people, etc.

Basic Language Emergency Kit

The *Basic Language Emergency Kit* helps healthcare providers communicate with migrants in emergency situations. It is available in 17 languages.

All materials are available on the **Take Care website**: www.takecareproject.eu

Upcoming events:

- Training workshops for representatives of organisations working with migrants - March 2014
- Short language courses for migrants - April 2014
- Exploitation seminars in all partner countries - June 2014

For more information please contact the partner in your country. Contact details are available on the project website.
